January 25, 2021

Dear MAHV Patients,

Covid-19 Vaccines are being distributed to locations as determined by the New York State Department of Health (NYSDOH).

As per the NYSDOH, people in the 1B category which includes healthcare workers, people over 65 years old, teachers and education workers, first responders, public safety workers such as police, firemen and public transit workers are now eligible to receive the vaccine.

While at this time it is unknown to us when MAHV will obtain the vaccines, we have created a plan for distribution according to the NYSDOH guidelines. We will advise you as soon as we have the vaccine and are able to begin setting up appointments for those eligible.

Your MAHV Care-team urges all of you to get your Covid-19 Vaccine as soon as possible. The following sites will provide updates of when and where you can receive the vaccine:

<https://covid19.ulstercountyny.gov/vaccine-resource-center/>

<https://am-i-eligible.covid19vaccine.health.ny.gov/>

<https://covid19vaccine.health.ny.gov/phased-distribution-vaccine#phase-1a---phase-1b>

Remember to wear a mask, wash your hands, stay socially distant, and get vaccinated! Vaccination against Covid-19 is one of the most important steps to protect yourself and your community!

Be Well,

Gina Browne  
Practice Administrator
